National Accounts Statistics of India

Description:
The National Accounts Statistics of India (NAS) module presents comprehensive sets of data series duly updated with the latest available data as per the new series of NAS with 2011-12 as the base year. The new series will also get updated from time to time. The series presented here covers every segment of the Indian economy as depicted in the CSO's 'National Accounts Statistics'. To sum up, this module covers the following data sets, presented both at current and constant prices:

1. National Income and other key related macro-economic aggregates (including Price and Quantum indices)
2. Expenditure components of Gross Domestic Product (GDP) at market prices
3. Gross Value Added (GVA) at basic prices by industry/economic activity
4. Output, intermediate consumption, value added and consumption of fixed capital by institutional sectors
5. Domestic saving by institutional sectors (including household financial savings by assets)
6. Capital formation by institutional sectors and by type of assets and by industry/ economic activity
7. Private final consumption expenditure by items
