S. No.	Suggestions	Action Taken
1	Need for Classroom Improvement	Projectors have been purchased and installed in the classroom, and faculties are encouraged to use them when teaching.
2	Concerning upcoming competitive exams, the syllabus needs to be improved.	In order to better prepare the students for upcoming competitive Exams, tutorials, remedial classes, and NET coaching have been initiated in the department.
3	Library needs Improvement	Proposals for the procurement of new books for the library are being prepared, and the process will begin soon.
4	It is necessary to offer a Skills Development Course.	The Department intends to add additional skill enhancement and value added courses to the current course curriculum in accordance with the CBCS model..
5	Facilities for sports and culture need to be improved.	Sports and cultural amenities are already being included in efforts.
6	Seminars/Workshops/Guest Lectures must be organized.	Seminars, workshops, and expert talks would be arranged in the department to expose students to the most recent advances in Animal sciences
S. No.	Feedback Received	Action taken
1.	Laboratories and their equipment require improvement	Being a new department, every effort has been made to upgrade the facilities and well-equipped research labs. A faculty member has been delegated as a laboratory in charge, who, with the assistance of a laboratory assistant and technical staff, maintains the equipment.
2.	Classroom Need to Improve	A procedure for ICT-equipped classrooms has been commenced.
3.	Process of teaching and learning is being improved	Before each semester, each faculty member created an academic teaching plan. In light of this, the courses have been assigned to the appropriate faculty members for that semester. Every professor used a different teaching strategy, including a PPT presentation, an LCD projector, and a field survey.

1.	Equipment and chemical needs for laboratories	Consistent efforts have been made to acquire new laboratory equipment. Some equipment and chemicals are underway.
2.	Syllabus needs to be updated.	The meeting of Board of studies of the department has been conducted on yearly basis where any updating in the present syllabus has been put forward to the committee for consideration and accordingly revision of syllabus. For the academic year 2021-2022, the development of the M.Sc. course curriculum under National Education Policy 2020 has been put into practice. Teachers actively participated in updating skill enhancement based course in the department. Department has updated the syllabus regularly by including the topics related with current development in the area of Animal Science and in accordance to NEP 2020.
3.	Practical subjects ought to be included.	Already Practical based topic has been included in the course including field survey in entomology and fishery Dissertation Project have been introduced in the department wherein 8 to 10 students are assigned to a faculty member who act as their mentor for the completion of their project work
4.	Improvement in infrastructure	The department sought to upgrade its facilities, which included adding new lab spaces and one smart classroom. In the upcoming years, the infrastructure will be improved.. More recent edition of standard books were purchased and included in the library.
