VICE-CHANCELLOR'S REPORT

Prof. (Dr.) Sat Prakash Bansal
Vice-Chancellor

I am delighted to present the 15th Annual Report of the Central University of Himachal Pradesh. The university's journey in academic, research, and Memorandum of Understanding (MoU) initiatives have been exemplary for all educational institutions. With significant achievements and recognition, the Central University of Himachal Pradesh has entered its 16th year, proudly standing among those universities in the country that have been granted special autonomy by the University Grants Commission (UGC). This was made possible only when the university community collectively prioritized the institution first. I am extremely pleased that since I took charge as Vice-Chancellor in July 2021, our academic journey has been forging a unique path, thanks to your cooperation and hard work. Our goal has been to achieve the desired success through active and result-oriented efforts, keeping interdisciplinary approaches at the forefront. As a result, we are ensuring our participation by executing tasks on time.

Currently, the academic activities of the university are spread across Dhauladhar Campuses (1&2) in Dharamshala, Shahpur Campus, and Sapt-Sindhu Campus in Dehra, driven by the mantra "नेति नेति चरैवेति चरैवेति". In this context, the Chancellor's Secretariat and other administrative offices are located in Dharamshala, while hostel facilities for both genders (boys & girls) are operational. Transportation facilities are also being efficiently provided to students and researchers through bus provisions. In any higher educational institution, the role of academic divisions is crucial. Our university, with its twelve schools and thirty-six teaching departments/centres, is actively benefiting students and researchers through research, innovation, and orientation and refresher programs. We are also promoting the Indian knowledge tradition, Indian literature, and Indian heritage by establishing various chairs for learning and dissemination.

I am pleased to share that the UGC has approved 220 faculty positions for our university, including 32 Professors, 61 Associate Professors, and 127 Assistant Professors. Of these, 18 Professors, 44 Associate Professors, and 112 Assistant Professors are currently serving in a regular capacity. The process to fill the remaining vacant positions is progressing rapidly. In the administrative and non-teaching categories, the Finance Committee and Executive Council have approved the creation of 21 positions in Group A, 32 positions in Group B, and 75 positions in Group C, which have also been endorsed by the UGC. The positions of Registrar and Finance Officer hold statutory importance. As of March 31, 2024, the university has filled in 16 positions in Group A, 14 in Group B, and 41 in Group C. To fill the remaining vacant positions, the UGC has authorized the National Testing Agency (NTA) to complete the selection process through examinations.

For the academic session 2023-24, 82 undergraduate, 765 postgraduate, and 101 Ph.D. students (a total of 948) are pursuing their academic and research journeys under the National Education Policy 2020. I am immensely delighted that the university's 7th Convocation was grandly held on May 6, 2024, with the Hon'ble President of India, Mrs. Droupadi Murmu, gracing the occasion as the Chief Guest. During the ceremony, the Hon'ble President awarded degrees to Ph.D., M.Phil. Gold Medalists, postgraduate, and undergraduate students, and researchers. It is also a matter of great pleasure that the Hon'ble Governor of Himachal Pradesh, Shri Shiv Pratap Shukla, was present as a distinguished guest during the 7th Convocation.

This reflects that the Central University of Himachal Pradesh is playing a leading role in building a culture of academic excellence with a strong sense of responsibility. Behind this success lies our commitment to fostering merit, impartiality, and transparency in decision-making processes, promoting trust among all stakeholders. The university's Internal Quality Assurance Cell (IQAC) is dedicated to systematically creating and communicating new opportunities, both internally and externally. All recommendations of the university's statutory bodies, such as the University Court, Executive Council, Academic Council, and Finance Committee, are uploaded on the university website (www.cuhimachal.ac.in). The Central University of Himachal Pradesh remains fully transparent in its admissions and recruitment processes, inviting online applications for the same. The UGC's common CU Chayan portal is used for applying jobs, and the admission process is conducted through the CUET-supported portal. Thus, the university has been successful in maintaining its esteemed position based on standards of credibility and transparency.

On the academic front, we are committed to making our university a renowned research university in the country. To achieve this, we are establishing collaborations with top institutions worldwide through research projects. Our esteemed faculty members are driving this temple of education forward with the spirit of "nation first" through their expertise and

hard work, contributing to impactful research papers, fruitful projects, and creative innovations, including numerous patents. In this direction, we are determined to take solid steps to encourage and empower scholars to pursue research in their respective fields. Periodic review meetings, international academic exchanges, and partnerships in research reflect our commitment to research culture and the implementation of the National Education Policy (NEP) 2020.

I am pleased that the university is playing a significant role in strengthening the academic framework by revising and restructuring standards after numerous workshops and brainstorming sessions. As a result, we are offering bilingual (English and Hindi) instruction for the prescribed curriculum. India is a symbol of a young nation, and our youth represent our future. When they are healthy in mind, body, and spirit, a superior society naturally evolves. Sports play a special role in this, and the Central University of Himachal Pradesh is leading in this direction as well. The successful organization of the All-India International Women's Weightlifting Championship is a testament to this.

The university has been very conscious of improving its quality despite infrastructural challenges, particularly the absence of permanent campuses. We have not stopped, tired, faltered, or retreated; we have continuously moved forward. This perseverance has resulted in NAAC accrediting the university with an A+ grade with a CGPA of 3.42. Another golden milestone in our academic journey was the Kathmandu Summit (February 14-16, 2024), which illuminated the university's vision with the ever-flowing stream of knowledge. Indeed, this achievement reflects the diligent efforts of faculty members and non-teaching staff. Our university community is committed to the development of the university with unwavering dedication and passion, creating new milestones and making a significant impact. This encompasses the spirit of inclusion, creativity, and beauty akin to a painter's brush, combined with the rhythm of music and the essence of tourism, hospitality, and management. It embodies the vision of a developed India by 2047 under the "One India, Great India" initiative.

The university has also wholeheartedly embraced the role of "Ek Bharat Shreshtha Bharat" with the visit to state of Odisha through the "Yuva Sangam" initiative. The university has played a commendable role as a coordinator among educational institutions in Himachal Pradesh, in alignment with the objectives set by the Ministry of Education, Government of India, which emphasizes local culture, technology, tradition, competition, mutual coordination, and tourism.

Numerous programs such as "एक पेड़ माँ के नाम" and other awareness campaigns, including "Yoga for Self and Society" on the occasion of International Yoga Day, jointly organized by the National Service Scheme and the university community, demonstrate that our university is at the forefront. At this proud moment, I would be remiss if I did not acknowledge and appreciate the support and cooperation of the university community, the government, and the relevant administration.

For this, I extend my special thanks to all the members. I am also grateful to the scholarly experts who have provided their valuable time and guidance for meetings of university authorities such as the University Court, Executive Council, Academic Council, Finance Committee, and Board of Studies. Special thanks and appreciation are also due to the Registrar, Dean (Academics), Dean Students' Welfare, Controller of Examinations, Proctor, Finance Officer, Center Directors, Heads of Departments, Librarian, and other officers, faculty members, students, and researchers whose cooperation has played a crucial role in the university's development.

CURRICULAR FRAMEWORK

ADMISSION BASED ON COMMON UNIVERSITY ENTRANCE TEST (CUET)

The Central University of Himachal Pradesh enrolls students for various UG/PG Programmes except PhD through the Common University Entrance Test (CUET) conducted by National Testing Agency (NTA). A single examination enables the candidates to cover a wide outreach and be part of the admissions process to various Central Universities.

INNOVATIVE PROGRAMMES & CURRICULAR FRAMEWORK

Guided by the National Education Policy 2020 and other reforms agenda in higher education and learning from the experiences of the best universities of the world, the university has introduced a number of innovations, as detailed below:

Semester-based Academic Calendar: All academic programmes of the University – Undergraduate (UG), Post Graduate (PG) and PhD i.e. Research Degrees (RD) - are based on semester system, designed in consonance with global practices in terms of effective number of teaching days and teaching-learning inputs.

Programmes based on Comprehensive Choice Based Credit System: The University has introduced Comprehensive Choice Based Credit System (CCBCS) largely on the lines of the best universities of the world.

Programmes of Study are defined in terms of Credits: As opposed to papers/ courses in the conventional system, a student is required to accumulate:

- 140 UG Credits to earn a UG degree (192 UG Credits in case of BFA degree)
- 80 PG Credits to earn a PG degree (40 PG Credits each in case of B.Lib.I.Sc. (One Year) and M.Lib.I.Sc. (One Year) programmes of study and 96 PG Credits in case of MFA programme of study)
- 120 RD Credits to earn a PhD degree

Students Mobility and Credit Transfer: The University has designed a framework to facilitate credit accumulation by its students from other recognised universities of India and abroad. The University has developed a structured mechanism to work out the equivalence and accept the transfer of credits earned by its students from other universities and also adopted Academic Bank of Credits (ABC) (as per NEP-2020 guidelines) as per the relevant Ordinance of the Central University of Himachal Pradesh.

Innovative Approach in Designing Programmes of Study: Departments would not design Programmes of Study as such; instead, they would just (a) design and offer courses based on the expertise and specialization of their faculty members, (b) specify pre-requisites and co-requisites for each course offered, and (c) guide the students to make their own basket of courses to accumulate the required credits to complete their Programmes of Study. Thus, the focus shall remain on 'learner-centred approach' (as opposed to the conventional 'teacher-centred approach') to accommodate learner's needs and expectations and thereby having wider choices in content, mode and pace of learning.

Computation of Credits based on a Holistic Approach to Learning: In the Central University of Himachal Pradesh, one credit is defined as equivalent to the Total Student's Effort (TSE) of 30 hours comprising: (a) 10 hours of lectures/ organized classroom activity/ contact hours; (b) 5 hours of laboratory work/ practical/field work/tutorials/teacher-led activities; and (c) 15 hours of other workload such as independent individual/ group work; obligatory/ optional work; placement; literature survey/ library work; data collection/ field work; writing of papers/ projects/dissertation/thesis; seminars, etc. Thus, the focus is on in-depth learning driven by intrinsic curiosity and mastery of the subject by balancing the taught content with independently self-directed learning.

All Programmes of Study to be Modular: Thus: All Programmes of Study in the University are designed as modular with exit and lateral entry option. While most students may want to complete their UG/PG/RD without any break, some may opt out of the Programme of Studies mid-way due to compelling personal reasons. The

University, therefore, provides a structured framework for students to opt out mid-programme, whereby, depending on the extent of time spent on campus and credits accumulated by them, they will be awarded certificate / diploma / advanced diploma. For instance, if any student wants to quit studies after two semesters, he/she can do so and would be awarded an appropriate Certificate/Diploma/Advanced Diploma, and can rejoin his/her studies from this point onwards, within two years again. Thus:

A student admitted to UG Programme (except BFA programme) may get:

- Certificate (if opts out after 2 Semesters with 40 UG Credits);
- Diploma (if opts out after 4 Semesters with 80 UG Credits);
- Bachelor's Degree (if stays on to complete full 6/8 semesters with 140/192 UG Credits).

A student admitted to PG Programme (except MFA programme) may be conferred:

- Advanced Diploma (if opts out after 2 semesters with 40 PG credits);
- Master's Degree (if stays on for full 4 semesters with 80 PG credits). In case of B.Lib.I.Sc., (if stays on to complete full 2 semesters with 40 credits). In case of M.Lib.I.Sc., (if stays on to complete full 2 semesters with 40 credits)

All Programmes of Study to be Multi-disciplinary / Inter-disciplinary: While Departments of the University are designed around basic disciplines (to enable faculty members to continue to focus on their specialized areas of research), each Programme of Study of the University is multi-disciplinary as the student is empowered to accumulate required number of credits from a wide variety of courses offered throughout the University including Human Making and Skill Development courses.

a) At PG level, a student would be required to accumulate total 80 PG credits as under (Except B.Lib.I.Sc. (One Year), M.Lib.I.Sc. (One Year) and MFA programme):

Course Type		Credits required
Core courses	Compulsory	40
	Open	12
Elective courses	Specialisation	16
	Open	4
Foundation courses	Human making	4
	Skill development	4
Total credit requirements		80

b) At UG level, a student would be required to accumulate total 140 UG credits as under (Except BFA):

Course Type		Credits required
Core courses	Compulsory	72
	Open	12
Elective courses	Specialisation	12
	Open	12
Foundation courses	Human making	6
	Skill development	6
	Project work / Dissertation	20
Total credit requirements as per UGC guidelines		140

All Programmes to be based on Comprehensive Continuous Internal Assessment: Students in all Programmes of Study across disciplines and at all levels shall be assessed through comprehensive continuous internal assessment based on quizzes, assignments, independent works, group works, mid-terms and end-semester examination.

As a general principle, the Comprehensive Continuous Internal Assessment shall comprise the following components:

- Continuous Internal Assessment: 25%
- Mid Term Examination: 25%
- End Term Examination: 50%

All Programmes of Study to have Grading System: The University shall have grading system based on Ten point scale of evaluation of the performances of students in terms of Marks, Grade points, Letter grade and Description of letter grades. The total performance of a student within a semester and continuous performance from the second semester onwards shall be indicated by (a) Semester Grade Point Average (SGPA); (b) Semester Percentage Marks (SPM); (c) Cumulative Grade Point Average (CGPA); and (d) Overall Percentage Marks (OPM), with CGPA & OPM being the real indicators of a student's performance.

Innovative Research Degree Programmes: The University has rigorous full-time Research Degree (RD) Programmes that aim at honing the research skills, grooming teaching abilities, producing quality research publications and proactive participation in seminars and conferences. Accordingly, the award of RD requires a student to accumulate credits through course work, participation in academic/administrative tasks, published work, presentations, pre-synopsis submission and Pre-PhD Thesis submission and PhD thesis.

- a) As per modified ordinance 42 (approved by E.C. vide item no. 52.19), for successful completion of the RD Programme leading to the award of the PhD degree, the computation of credits shall be as under:

Sr. No.	Particular of Task/Activity	Credits Allocated
1.	PhD Coursework	18-22 Credits
2.	Participation in Academic / Examination / Co-Academic / Administrative Tasks assigned by Deptt / School	10 Credits
3.	Publication of Research Papers in at least peer-reviewed journals	12 Credits
4.	Presentations in at least national level Seminars/ Conferences / Workshops	10 Credits
5.	Pre-Synopsis submission and Pre-PhD Thesis Submission Presentation in Open Seminar before DRC	10 Credits
6.	PhD Thesis	60 Credits
Total Credits		120 – 124 Credits

A candidate admitted to the Research Degree (RD) Programme is required to complete the prescribed course work in the first two Semesters of her/his admission. Notwithstanding the maximum prescribed duration of the Research Degree Programme, if a candidate fails to complete the prescribed course work in two semesters, her/his admission shall be cancelled and her/his name shall be removed from the rolls of the University. Provided further that no candidate admitted to the Research Degree Programme shall be permitted to proceed with the Dissertation work until he/she completes the prescribed course work.

- b) In case a candidate admitted to the Research Degree Programme holds MPhil degree from this University or other Universities, the Credit requirements for course work and publication may be adjusted accordingly. Such candidates will, however, be required to complete the full 60 RD Credits for dissertation work along with the balance of the credits for the course work, publication work, participation in academic/administrative tasks, Presentations in at least national level Seminars/ Conferences / Workshops, Pre-Synopsis submission and Pre-PhD Thesis Submission.

ENROLLMENT OF STUDENTS, FACULTY & STAFF

Despite the fact that the University commenced its operation with limited physical facilities and infrastructure, it was able to attract large number of applications for most of its Programmes of Study. While granting admission to students, the University has followed the reservation policy of the GOI in all its Programmes of Study. The University has a total of 2387 students on its rolls as on 31.03.2024. It has adopted the guidelines of the University Grants Commission and the Ministry of Education for giving reservation to the SC/ST/OBC/EWS/PWDs. The programme-wise and category-wise position of the student enrolment during the years 2020-21 to 2023-2024 is given in **Table 4, 5, 6, 7 & 8.**

REPORT ON “EK BHARAT SHRESTH BHARAT” ABHIYAN

As part of the “Ek Bharat Shreshtha Bharat Yuva Sangam” program, a group of 45 students from 9 institutions in Himachal Pradesh (including CUHP), led by the Central University of Himachal Pradesh, visited IISER Berahampur, Odisha from 8th to 16th March 2024 to promote cultural exchange with other states. This team was joined by 4 coordinators and 2 media persons. The following is a summary of the key places the team visited and the activities they engaged in during their Odisha tour:

- Students interacted with IIT Bhubaneswar's Director, Shreepad Karmalkar, who discussed the cultures of Odisha and Himachal. This was followed by a cultural event featuring Odisha's Sambalpuri dance and Himachal's Naati, where students enthusiastically shared Naati dance steps with everyone, creating a lively and enjoyable atmosphere.
- The students also visited the Indian Institute of Chemical Technology, Bhubaneswar, where they interacted with Director Prof. Dr. Vavia P.R., who discussed the role of the chemical industry in daily life. Afterward, the group proceeded to the ICAR National Rice Research Institute, where they learned about the institute's contributions to rice productivity, sustainability, and food security in India.
- The students visited the historic Khandagiri and Udaygiri caves, known for their intricate carvings and religious significance. These ancient caves, once dwelling places for Jain monks, offer a rich glimpse into Odisha's architectural and cultural heritage. A tour guide arranged by the IISER team provided detailed insights into the history and significance of the caves, enriching the students' learning experience.
- In Odisha, students visited many other places of cultural, religious and historical importance including village of Odisha Raghurajpura, Mangalajodi Bird Sanctuary, Chilika Lake, Jagannath temple and The Konark Sun Temple, a UNESCO World Heritage Site.
- Journey concluded at Sonpura Beach, where students were delighted to experience the sea, with many taking their first dip in the ocean. They enjoyed over two hours at the beach, playing games and making memories, before heading back to the IISER campus and then returning to Dharamshala.

Under the cultural exchange program, a group of students from Odisha visited the Central University of Himachal Pradesh. In Himachal Pradesh, they explored traditional heritage, experienced the local culture, and visited historical sites.
