Event Detail Report

On August 5, 2025, the Department of Environmental Science, Central University of Himachal Pradesh (CUHP), under the aegis of IQAC, CUHP, organised an invited lecture on the topic **“Nutraceuticals and Phytopharmaceuticals: A Paradigm Shift in Translational Research.”** The programme was chaired by Prof. Deepak Pant, Dean of the School & Head of the Department, who expressed gratitude to the Patron of the Programme and Hon’ble Vice-Chancellor of CUHP, Prof. Sat Prakash Bansal, for his valuable guidance and forever support. The event witnessed the participation of 65 students, research scholars, and faculty members from various departments of the university.

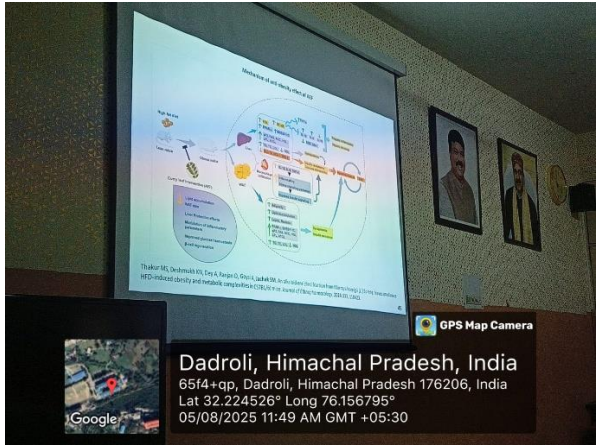

The speaker was Prof. Sanjay Jachak, Professor, Department of Natural Products, National Institute of Pharmaceutical Education and Research (NIPER), Mohali, Chandigarh, who shared his in-depth research experience with students and faculty members. The lecture highlighted the significance of nutraceuticals and phytopharmaceuticals, their regulatory perspectives, the discovery of medicinal compounds from natural products, and the global relevance of Indian medicinal plants. The speaker also emphasized the importance of integrating traditional Indian medical systems, particularly Ayurveda, with modern scientific research in the field of phytopharmaceuticals. The special case of medicinal plants like *Murrayakoenigii* was discussed for its anti-obesity and anti-diabesity applications, including product development and safety evaluations. The programme concluded with an interactive question-answer session, during which participants enthusiastically raised their queries, which Prof. Jachak addressed comprehensively. The lecture inspired students to engage with emerging areas of research and to explore traditional medical knowledge scientifically. Overall, the lecture proved to be highly informative and inspiring for both students and faculty members.

The program concluded with a vote of thanks delivered by Dr. Arun Kumar, who expressed heartfelt gratitude to the Hon’ble Vice-Chancellor of CUHP, guest speakers, Dean of the School, student participants, student volunteers of the Society of Environment Sciences, CUHP and faculty for their invaluable contributions.
