Introduction

There are so many reasons for changing societal beliefs, the desire to do something new, different tensions, because of which the trend of addiction in the society is increasing rapidly. The most worrisome thing is that in the prey, the percentage of youth in the victim has increased rapidly

Drug, Alcohol and Substance Abuse is big threat to the country and World at a whole. They are destroying the present generation and humanity at large. Drug abuse is one of the most dangerous problems of human societies; it not only gives birth to numerous health problems but also put social-cultural foundations at risk. There is a constant war between people who are trading in drugs and people who want to stop this. Government and NGO cannot do this alone; people have to make immense contribution in curbing this menace. Generating Awareness, Sensitizing, Educating masses and training workers who are dealing with this issue can be a step to curb this menace. Therefore, the present Edited Volume proposes to discuss, analyze and deliberate upon the issues and challenges in Drug abuse prevention and treatment.
